

A close-up photograph of an ant carrying a large, spherical ball of soil on its back. The ant is positioned on a dark, jagged rock surface. The background is a clear blue sky. The image is split vertically: the left side shows the ant and rock in natural colors, while the right side is a dark red gradient.

WE HAVE OUR FOCUS FIRMLY ON YOUR ENTREPRENEURIAL GOALS

The world of work is changing at a rapid pace. Global competition, demographic change and structural changes are placing strategic and legal demands on companies. Be it in phases of growth or in difficult economic times:

We are at your side to help you make personnel decisions that are safe for your company.

Our team advises national and international companies in all areas of individual and collective employment. We support you in your day-to-day HR work as well as in extensive projects.

In addition to strategically smart personnel decisions, contracts contribute to setting the course for future business development.

We develop tailor-made, legally secure and future-proof agreements for you. In doing so, we contribute to the risk management and success of your company.

We are also available for your questions during an existing contractual relationship or in connection with the termination of employment relationships in an advisory capacity out of court and in court proceedings.

In the event of reorganisation measures, such as operational changes and plant closures, we advise you on strategic planning, show you design options and reliably assist you with legally compliant implementation. In the event of transactions, we support you in employment due diligence checks and the subsequent post-merger design.

Legislation and case law are constantly changing employment. We have our finger on the pulse for you, observe the developments and can give you predictive advice.

Three good reasons - what sets us apart:

Your challenges are our day-to-day business. Our lawyers combine the full range of skills required to successfully implement your strategic and operational objectives.

We want to understand your business.

And make every effort to really get to know you. Our goal is to build a long-term partnership and work closely with you - side by side with your management teams.

Locally rooted, nationally and internationally networked.

At our locations, lawyers are at work who know the legal and economic particularities on site and are at home in the respective cultures. As a team, we develop solutions for you that take you further. No matter whether on the national or international stage.
